Transmittal No. 21-53

Thailand – Javelin Missiles

WASHINGTON, July 30, 2021 - The State Department has made a determination approving a possible Foreign Military Sale to the Government of Thailand of Javelin Missiles and related equipment for an estimated cost of \$83.5 million. The Defense Security Cooperation Agency delivered the required certification notifying Congress of this possible sale today.

The Government of Thailand has requested to buy three hundred (300) Javelin FGM-148 Missiles; and fifty (50) Javelin Command Launch Units (CLU). Also included are Enhanced Producibility Basic Skills Trainers; missile simulation rounds; Security Assistance Management Directorate (SAMDM) Technical Assistance; Tactical Aviation and Ground Munitions (TAGM) Project Office Technical Assistance; contractor lifecycle support; spares manuals; batteries/chargers; gunner training; ammunition officer training; OCONUS Modified Level 2 Maintenance Training; System Inspection and Check Out (SICO); and other related elements of logistical and program support. The total estimated cost is \$83.5 million.

This proposed sale will contribute to the foreign policy and national security objectives of the United States by improving the security of a Major Non-NATO Ally in Southeast Asia. The Javelin Weapon System will replace the obsolete 106mm Recoilless Rifles that the Royal Thai Army (RTA) acquired as part of the Military Assistance Program (MAP) from the Vietnam era. This proposed sale will allow the RTA to modernize their light anti-tank capability and maintain its current force posture, as well as enhance interoperability with the U.S. during operations and training exercises. Thailand is a strategic partner committed to contributing to regional security.

The proposed sale will improve Thailand's capability to meet current and future threats by improving Thailand's long-term defense capacity to defend its sovereignty and territorial integrity. Thailand will have no difficulty absorbing this equipment into its armed forces.

The proposed sale of this equipment and support will not alter the basic military balance in the region.

The prime contractors will be Raytheon/Lockheed Martin Javelin Joint Venture of Orlando, Florida, and Tucson, Arizona. Offsets have not been included. Any offset agreements will be defined in negotiations between the purchaser and the contractor(s).

Implementation of this proposed sale will not require the assignment of U.S. Government or contractor representatives to Thailand.

There will be no adverse impact on U.S. defense readiness as a result of this proposed sale.

This notice of a potential sale is required by law. The description and dollar value is for the highest estimated quantity and dollar value based on initial requirements. Actual dollar value will be lower depending on final requirements, budget authority, and signed sales agreement(s), if and when concluded.

All questions regarding this proposed Foreign Military Sale should be directed to the State Department's Bureau of Political Military Affairs, Office of Congressional and Public Affairs, pm-cpa@state.gov.
