Transmittal No. 24-109

Romania – Sentinel Radar Systems

WASHINGTON, October 7, 2024 - The State Department has made a determination approving a possible Foreign Military Sale to the Government of Romania of Sentinel Radar Systems and related equipment for an estimated cost of \$110 million. The Defense Security Cooperation Agency delivered the required certification notifying Congress of this possible sale today.

The Government of Romania has requested to buy four (4) AN/MPQ-64 F1 Sentinel radar systems. The following non-MDE items will also be included: IPS 250X High Assurance Internet Protocol Encryptors (HAIPE); KIV-77 Identification Friend-or-Foe (IFF) crypto appliqué with Mode 5 and Mode S capability; AN/PSN-13 Defense Advanced Global Positioning System (GPS) Receivers (DAGR) with Selective Availability Anti-Spoofing Module (SAASM); AN/PYQ-10 Simple Key Loaders (SKL); support equipment; spare and repair parts, consumables, accessories and repair and return support; classified software; classified command and control (C2) systems and communications and data supply systems; prime movers; new equipment training; weapon system support and test equipment; publications and technical documentation; personnel training and training equipment; classified software; classified books and publications; U.S. Government and contractor engineering, technical, and logistics support services; and other related elements of logistics and program support. The estimated total cost is \$110 million.

This proposed sale will support the foreign policy goals and national security objectives of the United States by improving the security of a NATO Ally that is a force for political stability and economic progress in Europe.

The proposed sale will improve Romania's capability to meet current and future threats by providing a credible force that is capable of deterring adversaries and participating in NATO operations. Romania will have no difficulty absorbing this equipment into its armed forces.

The proposed sale of this equipment and support will not alter the basic military balance in the region.

The principal contractor will be RTX Corporation, located in Andover, MA. There are no known offset agreements in connection with this potential sale.

Implementation of this proposed sale will require approximately five U.S. Government and five U.S. contractor representatives to travel to Romania for a duration of up to five years to support equipment fielding and training.

There will be no adverse impact on U.S. defense readiness as a result of this proposed sale.

The description and dollar value are for the highest estimated quantity and dollar value based on initial requirements. Actual dollar value will be lower depending on final requirements, budget authority, and signed sales agreement(s), if and when concluded.

All questions regarding this proposed Foreign Military Sale should be directed to the State Department's Bureau of Political Military-Affairs, Office of Congressional and Public Affairs, pm-cpa@state.gov.
