Transmittal No. 16-37

The Government of Egypt – 8 Sentinel AN/MPQ-64F1 Radars and Related Equipment and Support

WASHINGTON, Sep. 19, 2016 - The State Department has made a determination approving a possible Foreign Military Sale to Egypt for Sentinel AN/MPQ-64F1 Radars and related equipment, training, and support. The estimated cost is \$70 million. The Defense Security Cooperation Agency delivered the required certification notifying Congress of this possible sale on September 16, 2016.

The Government of Egypt has requested a possible sale of eight (8) Sentinel AN/MPQ-64F1 Radars and software and training, as well as spares and support equipment, technical manuals, Single Channel Ground and Airborne Radio System (SINCGARS) VRC-92E Radios, 16 High Mobility Multipurpose Wheeled Vehicles (HMMWV) M1 152 with Shelter Carrier Kit, U.S. Government and contractor support, training and other associated support, equipment and services. The total estimated value of MDE is \$40 million. The total overall estimated cost is \$70 million.

This proposed sale will contribute to the foreign policy and national security of the United States by helping to improve the security of a strategic partner that has been and continues to be an important force for political stability and economic progress in the Middle East.

The Government of Egypt intends to expand its existing air defense architecture to counter threats posed by air attack. This will contribute to Egypt's military goal of updating its capabilities while further enhancing interoperability among Egypt, the United States, and other allies. Egypt will have no difficulty absorbing this equipment into its armed forces.

The proposed sale of this equipment and support will not alter the basic military balance in the region.

The principal contractor involved in this program is Thales Raytheon Systems, Fullerton, California. There are no known offset agreements proposed in connection with this potential sale.

Implementation of this proposed sale will require ten (10) U.S. Government or contractor representatives to travel to Egypt for a period of 8 weeks for equipment checkout and training.

There will be no adverse impact on U.S. defense readiness as a result of this proposed sale.

This notice of a potential sale is required by law and does not mean the sale has been concluded.

All questions regarding this proposed Foreign Military Sale should be directed to the State Department's Bureau of Political Military Affairs, Office of Congressional and Public Affairs, pm-cpa@state.gov.
