Transmittal No. 19-46

Lithuania – Joint Light Tactical Vehicles

WASHINGTON, August 27, 2019 - The State Department has made a determination approving a possible Foreign Military Sale to Lithuania of five hundred Joint Light Tactical Vehicles with support for an estimated cost of \$170.8 million. The Defense Security Cooperation Agency delivered the required certification notifying Congress of this possible sale on August 27, 2019.

The Government of Lithuania has requested to buy five hundred Joint Light Tactical Vehicles, M1278A1 Heavy Guns Carriers. Also included are Baseline Integration Kits; Ballistic Kits Armor; Explosive Formed Protection Kit; Shot Detection Boomerang Kits; Shot Detection, Boomerang III; GPS Stand Alone kits; Network Switch - 8 port; M153 Common Remote Weapon Stations (CROWS); CROWS Baseline v2 Integration Kit; MK-93 Weapons Mounts; M2 QCB .50 CAL Machine Guns; M230 TAC-FLIR Systems; Opaque Armor (windows); Basic Issue Item Kits; Winch Kits; Flat Tow Kits; Run-Flat Kits; Spare Tire Kits; Combat Bumper Kits; Duramax Turbo Engine with Allison 6 speed automatic transmission and 4x4 TAK-4i Independent suspension systems; personnel training and training equipment; U.S. Government and contractor engineering, technical and logistics support services; and other related elements of logistical and program support. The total estimated program cost is \$170.8 million.

This proposed sale will support the foreign policy and national security objectives of the United States by helping to improve the military capability of Lithuania, a NATO ally that is an important force for ensuring political stability and economic progress within Easter Europe.

The proposed sale of the Joint Light Tactical Vehicle (JLTV) will help improve Lithuania's light tactical vehicle fleet and enhance the capabilities to meet current and future enemy threats. Lithuania will have no difficulty absorbing this equipment into its armed forces.

The proposed sale of this equipment and support will not alter the basic military balance in the region.

The principal contractor will be Oshkosh Defense LLC of Oshkosh, WI. There are no known offset agreements associated with this proposed sale.

Implementation of this proposed sale will not require the assignment of additional U.S. Government or contractor representatives to Lithuania. However, it is anticipated that engineering and technical support services provided by the U.S. Government and/or the contractor may be required on an interim basis for training and technical assistance.

There will be no adverse impact on U.S. defense readiness as a result of this proposed sale.

This notice of a potential sale is required by law and does not mean the sale has been concluded.

All questions regarding this proposed Foreign Military Sale should be directed to the State Department's Bureau of Political Military Affairs, Office of Congressional and Public Affairs, pm-cpa@state.gov.
