Transmittal No. 19-29

Pakistan – Technical Security Team (TST) in Continued Support of the F-16 Program

WASHINGTON, July 26, 2019 - The State Department has made a determination approving a possible Foreign Military Sale to Pakistan for Technical Security Team (TST) in continued support of the F-16 program for an estimated cost of \$125 million. The Defense Security Cooperation Agency delivered the required certification notifying Congress of this possible sale on July 26, 2019.

The Government of Pakistan requested a continuation of technical support services; U.S. Government and contractor technical and logistics support services; and other related elements of logistics support to assist in the oversight of operations in support of the Pakistan Peace Drive advanced F-16 program. The total estimated program cost is \$125 million.

This proposed sale will support the foreign policy and national security of the United States by protecting U.S. technology through the continued presence of U.S. personnel that provide 24/7 end-use monitoring.

The proposed sale of this support will not alter the basic military balance in the region.

The principal contractor is Booz Allen Hamilton Engineering Services LLC, Fairborn, Ohio.

Implementation of this proposed sale will require the assignment of 60 contractor representatives to Pakistan to assist in the oversight of operations as part of the Peace Drive F-16 program.

There will be no adverse impact on U.S. defense readiness as a result of this proposed sale.

This notice of a potential sale is required by law and does not mean the sale has been concluded.

All questions regarding this proposed Foreign Military Sale should be directed to the State Department's Bureau of Political Military Affairs, Office of Congressional and Public Affairs, pm-cpa@state.gov.
