Transmittal No. 20-09

## **Poland – Javelin Missile and Command Launch Unit**

WASHINGTON, March 4, 2020 - The State Department has made a determination approving a possible Foreign Military Sale to Poland of one hundred eighty (180) Javelin missiles and seventy-nine (79) Javelin Command Launch Units (CLUs) and related equipment for an estimated cost of \$100 million. The Defense Security Cooperation Agency delivered the required certification notifying Congress of this possible sale today.

The Government of Poland has requested to buy one hundred eighty (180) Javelin missiles and seventy-nine (79) Javelin Command Launch Units (CLUs). Also included are Basic Skill Trainers (BST), Missile Simulation Rounds (MSR), Battery Coolant Units (BCU), tool kits, modified 2-level maintenance parts, training, U.S. Government and contractor technical assistance, transportation and other related elements of logistics support. The total estimated program cost is \$100 million.

This proposed sale will support the foreign policy and national security of the United States by improving the security of a NATO ally and partner nation which is an important force for peace, political stability, and economic progress in Eastern Europe.

This proposed sale of the Javelin system will help Poland build its long-term defense capacity to defend its sovereignty and territorial integrity in order to meet its national defense requirements. Poland will have no difficulty absorbing this system into its armed forces.

The proposed sale of this equipment and support will not alter the basic military balance in the region.

The prime contractors will be Raytheon/Lockheed Martin Javelin Joint Venture, Orlando, Florida and Tucson, Arizona. There are no known offset agreements proposed in connection with this potential sale. However, the purchaser typically requests offsets. Any offset agreement will be defined in negotiations between the purchaser and the contractor(s).

Implementation of this proposed sale will not require the assignment of U.S. Government or contractor representatives to Poland.

There will be no adverse impact on U.S. defense readiness as a result of this proposed sale.

This notice of a potential sale is required by law and does not mean the sale has been concluded.

All questions regarding this proposed Foreign Military Sale should be directed to the State Department's Bureau of Political Military Affairs, Office of Congressional and Public Affairs, [pm-cpa@state.gov](mailto:pm-cpa@state.gov).
