The UAE will use the enhanced capability to strengthen its homeland defense. The UAE will have no difficulty absorbing this equipment into its armed forces.

The proposed sale of this equipment and support does not alter the basic military balance in the region.

Implementation of this proposed sale will require U.S. Government or contractor representatives to travel to the UAE on a temporary basis for program technical support and management oversight.

There will be no adverse impact on U.S. defense readiness as a result of this proposed sale. This notice of a potential sale is required by law and does not mean the sale has been concluded.
